and reports on their condition and prospects are sent to England. In addition to this, in the case of children Subsequent letters on the emigrated by the English Poor Law direct to the English local government officials make an annual visit, and report direct to the English local government. Mr. Bogue Smart, the chief Inspector of British immigrant chill iren and reciving homes, in his annual report to the superintendent of immigration states "that 58 per cent of the children do well." That the people of Canada fully appreciate the importance to this country of securing contingents of well trained boys and girls is made clear by the fact that while thousands have completed their apprenticeships on farms in various parts of Canada, each succeeding year brings a sreated demand to fill the vacancles left by those who have gone forth to do for themselves. And these child enigrant come here at a suitable age, they really adopt themselves to the conditions of life in this country, and as most of them are placed with rormer for a number of years they become accusiomed to rural life and eventually follow agricultural pursuits.

St. George's home is under the eart of the Sisters of Christian Burne, for a number of years they become accusiomed to rural life and eventually follow agricultural pursuits.

St. George's home is under the eart of the Sisters of Christian Burne, der the patronage of Cardinal Burne, der the patronage guardians, Canadian government offi cials make an annual visit, and report direct to the English local government. Mr. Bogue Smart, the chief inspector

Anglican Restrictions.

Anglican Restrictions.

Montreal, Nov. 8. — A removal of restrictions which have always existed in canon law in the Anglican Church is proposed by thirty Camadian clergymen who have issued a circular addressed to their colleagues on the subject of Christian unity. This circular is signed by Revs. Dr. Simons, A. P. Shatford, O. W. Howard, J. A. Eliott and Osborne Troop of this city; by Rev. R. W. Norwood, formerly of Montreal, as well as by the Archdeacon of Peterboro (Dr. Warren), Principal C. C. Waller of Huron Theological College; Prof. Wrong of Toronto University, and rectors in Vancouver, Halifax, Saskatoon, Winnipeg, Toronto, Hamilton and other cities. It is not signed by any bishop or dean. The circular is headed—"An Appeal on Behalf of Christian Unity," and opens with the statement that the undersigned, feeling that the most important problem before the church at the present time being union, have decided to send a brief statement of the present time being union, have decided to send a brief statement of their convictions and of the policy which they desire to pursue, and at the same time to ask for co-operation

in the practical measures which are suggested. Electric locomotives powerful enough to haul 340-ton trains up steep grades will be used on the new Swiss

In the illustration THE ARCH represents the actual body building power derived from the quantity of BOVRIL represented by THE KEYSTONE.

Just as the Arch, without the Keystone is incapable of supporting itself-so in many cases the food one takes seems useless so far as body-building goes, without some substance to help the digestive functions.

It has been demonstrated conclusively by the physiological tests made by Prof. Thompson, M.D., Sc.D., that BOVRIL is a most nutritious food and that it also assists the digestion and absorption of ordinary food in a very marked degree.

It is thus a wonderful body-builder.

The tests established incontrovertibly:

- 1º The remarkable food value of "BOVRIL."
- 2º That "BOVRIL" possesses the peculiar power of enabling the system to extract the full store of nutriment from ordinary food.
- 3º That these two properties give "BOVRIL" a body-building power of from 10 to 20 times the quantity of "BOVRIL" consumed. (See diagram.)

IS MORE THAN A FOOD
